

TIPS FOR REDUCING YOUR TRANSPORTATION CARBON FOOTPRINT: SMARTER CHOICES FOR A SUSTAINABLE FUTURE

ACTIVE TRAVEL (Walk & Cycle)

- Choose walking** for short trips.
- Cycle** for local errands.
- Use bike-sharing** schemes.
- Combine** active travel with transit.

PUBLIC TRANSIT (Bus, Train, Metro)

- Prioritize** trains and buses.
- Plan** multi-modal journeys.
- Support** public transit infrastructure.
- Avoid** peak hours when possible.

SHARED & EFFICIENT (Carpool, EVs)

- Carpool** with colleagues or friends.
- Switch** to an electric or hybrid vehicle.
- Use** car-sharing services.
- Maintain** proper tire pressure.

MINIMIZE PRIVATE USE (Reduce Driving)

- Telecommute** or work from home.
- Combine** multiple trips into one.
- Avoid air travel** for short distances.
- Plan staycations** instead of long drives.

Changing how we move can significantly lower our collective carbon footprint.
